## LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION MANDATORY LANGUAGE – TIER III

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Westbrook ISD has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TECQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During January 1, 2013 – December 31, 2015 we did not monitor or test for contaminants and therefore cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly test for during the last year; how often we are supposed to sample for Lead & Copper, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples will be taken.

Contaminant	Required	Number of	When samples	When samples
	Sampling	samples taken	should have been	will be taken
	Frequency		taken	
Lead & Copper tap water sampling	5 samples every three years	0	June 1 – Sept. 30, 2015	June 1 – Sept. 30, 2016

## What is being done?

We are working to correct the problem. For more information, please contact Tom Carlock at 325-933-0499 or P. O. Box 99, Westbrook, Texas 79565.

The process is being completed for samples to be taken at 5 sites sometime between June 1 – September 30, 2016.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Westbrook ISD. Public Water System Number: TX1680008

Date Distributed: April 20, 2016
